

Transmission Fluid

PETRONAS Tutela ATF D3

Range:

Long description: High-quality Automatic Transmission Fluid delivering long-lasting shifting performance and component durability for automatic transmissions over their standard service life. Suitable for use in many conventional automatic transmissions, power steering and hydraulic systems of passenger cars, alongside commercial vehicles and off-highway construction equipment requiring GM DEXRON®-III level of performance. It also meets the requirement of JASO M315-2013 1A and JASO M315-2013 2A, standards recognized by Japanese OEMs for use in automatic transmissions
